

Our efforts are directed toward developing and servicing a line of chemicals to meet the growing and varied needs of the chemical industry.

We welcome your inquiries and look forward to working with you on current and future projects

WE SPECIALIZE IN INNOVATIVE SOLUTIONS		
ADDITIVES FOR GREASE FORMULAS		
Product	Description	Offset**
ANTIOXIDANTS		
Yalub PA 15-S	Propionate type	1035 Type
Rianox 1135	General purpose anti-oxidant	L-135 Type
Rianox 1010	Hindered phenolic anti-oxidant	1010 Type
Rianox 5067	Hindered phenolic anti-oxidant	L-67 Type
Evernox 76	Hindered phenolic anti-oxidant	1076 Type
Everfos 168	Secondary anti-oxidant	168 Type
Rianox L 57	Diphenylamine – AO	L57 Type
Yalub BODPA	Butylated, Octylated DPA	NA Type
Yalub NA-06	PANA	L-06 Type
CALCIUM SULFONATES		
S&S 6945	Calcium sulfonate rust preventative with a TBN-20	
S&S 108	Calcium sulfonate rust preventative with a TBN-400	
S&S 742	Neutral calcium sulfonate rust preventative with a TBN-0	
S&S 57	Calcium sulfonate rust preventative with a TBN-57	
BARIUM SULFONATE		
S&S -3655	Neutral barium sulfonate rust preventative with a TBN-0	
FLUORINATED LUBRICANTS		
Halocarbon fluorinated oils and greases	PFPE and PCTFE based fluorinated oils and lubricants

ADDITIVES FOR GREASE FORMULAS (cont)**

Product	Description	Offset**
SULFUR EP ADDITIVES		
S&S LC-40	Active sulfurized hydrocarbon/40% total sulfur	2540 Type
S&S 42	Inactive sulfurized hydrocarbon/40% sulfur	2541 Type
S&S 1540	Active sulfurized hydrocarbon/40% total sulfur. Dark color, low odor	213 Type
S&S LC-30	Inactive sulfurized hydrocarbon/30% sulfur	
S&S LC-AS	Active sulfurized hydrocarbon/30% total sulfur	
S&S 20	Active sulfurized hydrocarbon/20% total sulfur	
S&S LC-22HP	Inactive sulfurized long chain hydrocarbon/20% total sulfur	
S&S LC2515	Sulfurized hydrocarbon/rapeseed Oil/15% total sulfur	2515 Type
S&S LC 2550	Sulfurized Fatty Acid/10% total sulfur	
S&S SIB 45	Sulfurized Isobutylene	2545 Type
S&S 24-GOP	Sulfurized additive designed for industrial gear oils. Meets US Steel 224 specifications	
S&S SE-115	Inactive sulfurized additive/15% Inactive sulfur. Multipurpose additive for greases, gear oils, and drawing & stamping fluids	SE-115 Type
PHOSPHORUS BASED EP		
MC TPPT: CAS# 597-82-0	Organo-thiophosphate. Registration in category code HX-1	TPPT Type
MC TPPT Plus: CAS# 192268-65-8	Tertiary butylated triphenyl phosphorothianate. Registration in category code HX-1	232 Type
ANTI-WEAR		
Yalub ZDD	Zn Carbamate	AZ Type
Yalub MBC	Non-metallic Sulfurized Carbamate	7723 Type
Yalub LA	Molybased Antiwear Additive	L Type

Product	Description	Offset**
BORON		
S&S 2000	Borated Ester used for both lubrication and increased dropping point	
MISCELLANEOUS		
MC Mecyrat M	Anti-wear additive. Modified melamine cyanurate	
MC 200	Dimercapto-thiadiazole powder. Corrosion inhibitor and metal deactivator	
MC 202	Bis-thiadiazole-derivate. Ashless EP/anti-wear additive	
Yalub TT-33	Benzotrizole	303 Type
Hostagliss PA 135	Ester of alpha olefin and dibutyl maleate	PA 135 Type
